Designer : Tectoniqua

- ABSA Capital, a South African leader in banking and investment, relocated their head office to Sandton, Johannesburg
- Objective – to follow Barclays Capital’s global design standard and build an interior environment that reflects international banking standards and structures
- Abak Environments Performance Wall offers a full desk and screen solution, allowing for integrated cable and data management

Absa Capital

- A combination of white, walnut and silver finishes provides a modern, aesthetic to the interior space
- Aeron chair – globally known as ‘The World’s Most Comfortable Chair’, was provided throughout the building
- Meridian Storage – a universal stacking storage solution, housing all ABSA Capital’s filing media
- Eames Aluminium Group Chairs – a design classic, used in the client suite areas
